As our Shenandoah River flows along over calm and torrent, between its banks, so our life flows along for five years, within the walls of Warren High. The ebb and tide of teenage enthusiasm on the "Hill" is a true parallel to the river just below the "Hill."

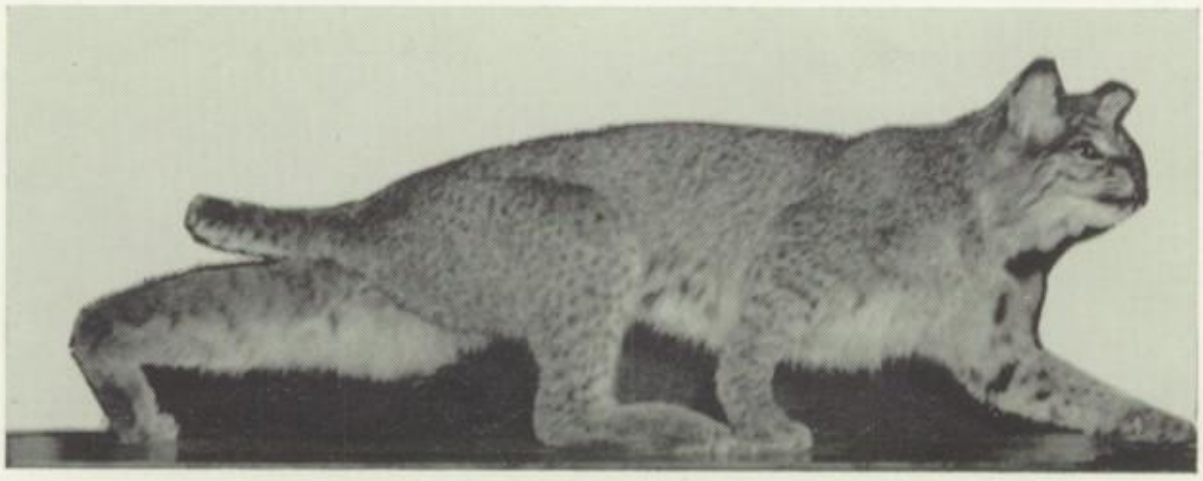
Dedication

With pride and a feeling of sincerest gratitude we dedicate the 1956 MIRROR to one who has won a real place with each of us because of her charming personality. Never is she too busy to render any possible assistance to a student with a personal problem, a teacher with urgent material to be typed, or to brighten her commercial classes with a vivid touch of humor. Many hours she has spent working earnestly with the Student Council, F.B.L.A., Junior Class, and Annual Staff.

We thank you for your faith in us, your guidance, your labors, and your love, Mrs. Genevieve Mathews, our teacher, counselor, and friend.

MRS. GENEVIEVE MATHEWS



Hi folks, I've had a preview of this book. It's us. Let me retrace my tracks for you. You will find I had to make five big jumps and there are some faint tracks, too. Along the trail, we find—

Let's Go—

THIS

Foreword

This is the story of a year . . . a record of your life as a student, a friend, and a team-mate . . . your life just as it has been in W.C.H.S. You who are leaving us behind, or you who will remain, will ever remember the fun and frolic, the heart-breaking defeats, or the pride of success. Your memories will be of the things we can neither see, nor touch, nor say—the intangibles of Warren High.

You will read between the lines as you look through your annual seeing more in the pictures than we could photograph; remembering more than the words printed on the pages.

We have tried to recall emotions along with events and feelings along with facts. We want this book to recall vivid memories, not only for today, but forever, for this

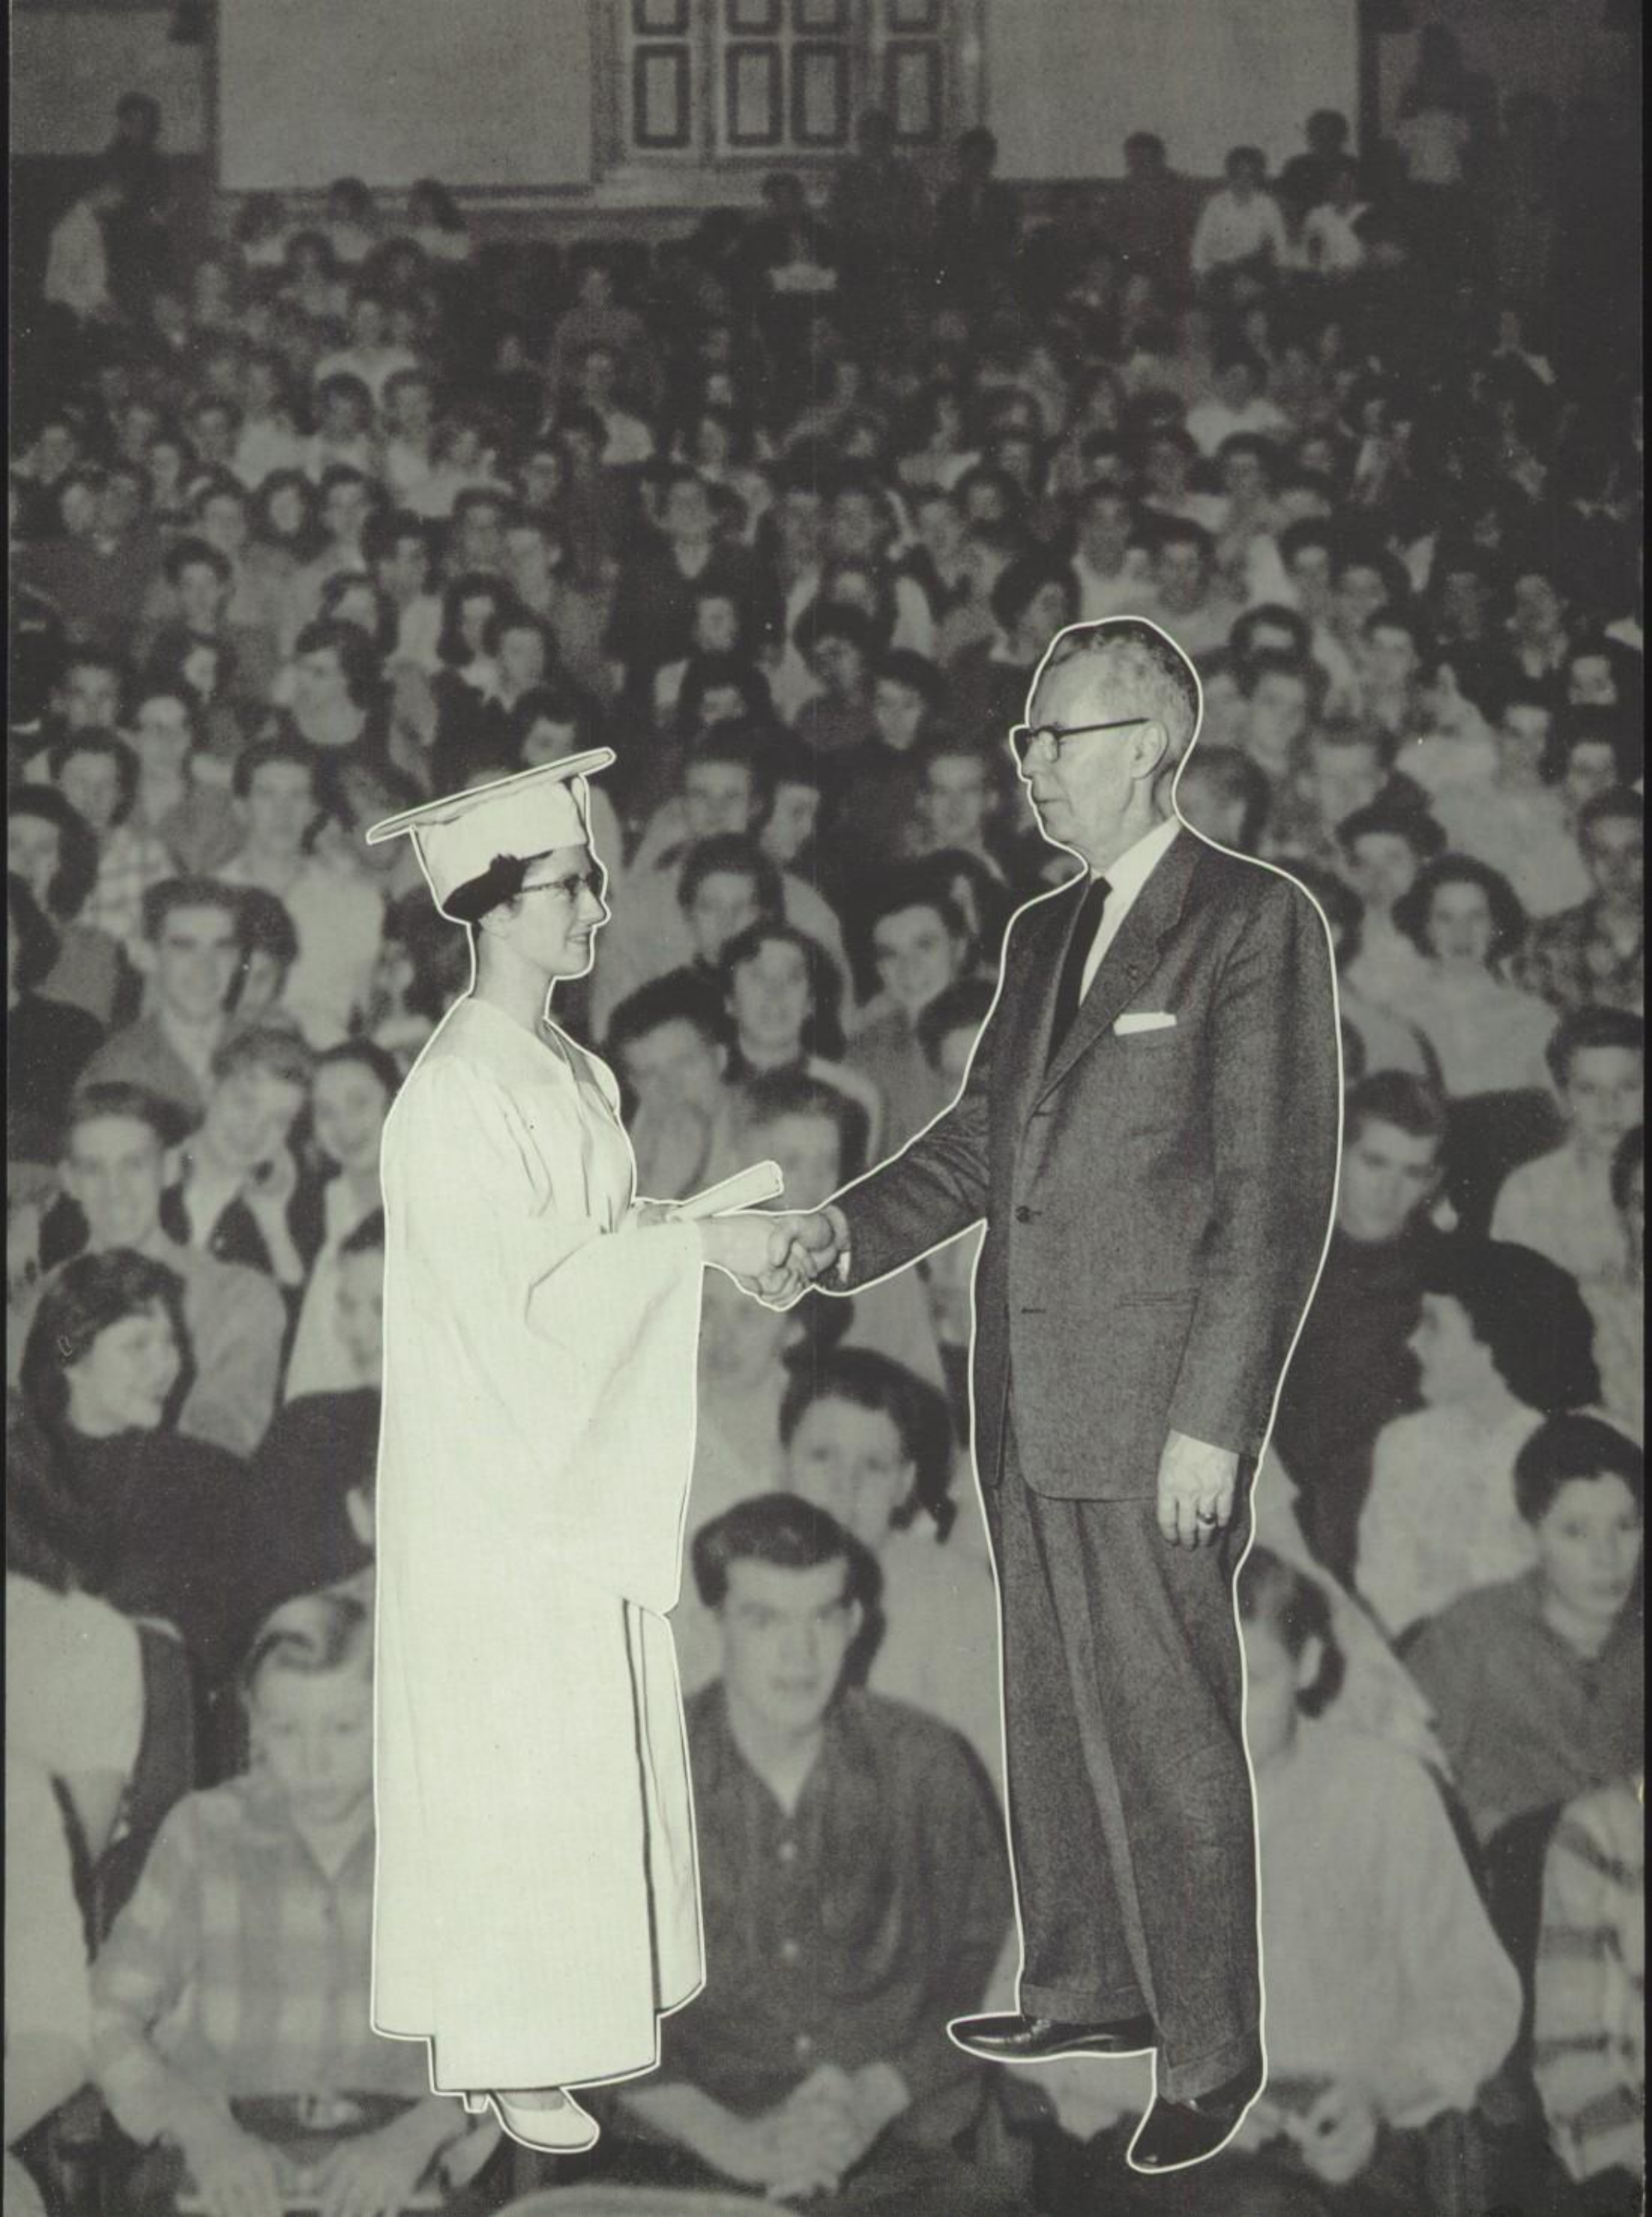
People

The faculty and students mix together moments of fun and good times with hard work in the major purposes of our school life—to teach, to learn, and to understand each other.



ADMINISTRATORS

MRS. LESLIE FOX KEYSER
Supervisor

"Miss Leslie" as she is known to many, lends a sympathetic ear and a helping hand to both teachers and students who seek her counsel and guidance.

QUINCY DAMON GASQUE
Superintendent

He comes with a smile and a twinkle of the eyes; we proudly hail him Superintendent, but he is also Mr. Gasque who understands all our problems.

A ROLE

Our Superintendent, Supervisor, and School Board formulate plans for all Warren County Schools. Their record speaks for the broad, well balanced, long time, total point of view which has guided them in laying down school policies.

Under the capable directions of Chairman E. T. Shiner, the SCHOOL BOARD members have met the many special problems that the "emergency" has presented. They are left to right, Seated: H. Gruver, C. W. Baldwin, W. Maddox, E. T. Shiner. Standing: W. F. Kesler, Q. D. Gasque

MR. JAMES S. DUFF

Whenever advice on school matters is needed, Mr. Duff is always willing to give helpful suggestions to any student. His kind, business-like manner enables each student to feel that he plays a special part in the school program. He encourages them to travel the road of good school and community citizenship.

FOR EACH

Our Principal and Assistant Principal put those parts of the over-all plan which affect Warren County High into operation on the hill and plan carefully for the welfare of the individual students.

MR. JOSEPH R. EARNEST

The friendly way in which Mr. Earnest checks our attendance, gives each student a realization of his personal interest. This has endeared him to the many students who have worked with him.

WARREN HIGH IN ACTION

W.C.H.S. in action. Will you think just a minute of your school in action? What do you think of? The buses pulling up the hill in the gray of a winter's day—the push of the kids going in the doors—the raucous laughter, the exchange of witticisms, the busy confidences—"he said and I said"—the jostle—the rush to classes, slow compared to the rush to the cafeteria—the constant movement even when the halls are supposed to be empty—Walk slowly past those classroom doors. Hear the clack of typewriters, sudden bursts of laughter, a teacher's familiar voice, the buzz of students

SOCIAL STUDIES

Oratorical contests, field trips and a stimulating study of current issues supplement classroom work so that the student will have the desire and the ability to take his position in the community.

Col. Apgar and Billy Daniels help Mary Green to put final okay on her speech, "I Speak For Democracy." Ann Jones, Violet Pickrell, and Joyce Steed listen appreciatively.

being checked out of study hall, shouts from the gym—ACTION.

Warren Hi is a busy place. Six hours each day the faculty and students are engaged in class work and many work overtime in athletics, on club work, and on publications. Quoting a senior, "Contrary to rumor, we work; we learn. While we don't shout about our academic achievements, they are our greatest concern. We realize that we shall meet stiff competition and we must be ready."

That they may "be ready" the most modern equipment and services are provided.

OUR LIBRARY OFFERS MORE THAN BOOKS

Many people aren't aware of the surprising range of services offered by our library and our librarian, Miss Spooner. We can borrow magazines, pamphlets, slides, and records. Want to find out how to make a cake, who won the World Series in 1929, the shortest route to El Paso, how to preside at a meeting, when and how Front Royal was founded? Chances are our library can tell you in a few minutes—and our librarian is glad to help with the answers on almost any subject.

AUDIO VISUAL BROADENS OUR HORIZONS

In this TV age visual aids are of great importance. A whole class of 32 can enjoy the 3-inch cartoon that Johnny found with the aid of the opaque projector. Ballads take on new meaning when Burl Ives sings them. A trip to Shakespeare's land can be taken when the class wishes—just slide into it.

To make best showing, Mr. Unger has a crew of trained workers who operate the school's extensive equipment. The staff also handle the public address system and movie projector for various school functions.

AN OPPORTUNITY TO ACHIEVE

LANGUAGE ARTS—The Give and Take of ideas is basic to learning and doing—With the dual purpose of teaching the student to express himself and to understand the thinking of others, the Language Arts courses, English, Latin, French and Spanish stress the necessary skills. Miss Fox is demonstrating the proper way to make introductions.

SCIENCE IS RELATED TO LIFE—Science courses are organized to give the student an insight into everyday problems as well as mastery of fundamental knowledge in the different fields. Real specimens are thoughtfully studied in Biology and information of current interest—the atomic theory and its application to daily living —interests the chemistry student.

OUR EDUCATIONAL GOALS

FACULTY AND COMMUNITY UNITE IN STUDY—Our parents and teachers and the School Board are together studying our present set up and how it can be improved. They are considering the immediate needs and looking to future expansion in the way of buildings, the school's offerings and personnel. For Warren County they want the best, and with that aim in mind, the meetings are serious, the plans are thoughtfully laid. "Mom" says that she is studying the intricacies of W.C.H.S. lots harder than we study. I wonder if they'll rate an A!

YEAR-ROUND SPORTS

A full calendar of sports is offered, from September to June. It provides recreation and systematic instruction. Dancing has been added this year much to the delight of the students.

PRACTICAL EXPERIENCE IN VOCATIONS

A broad program for the student who will complete his education is right here for the taking.

Girls, are you to get a three-letter degree (Mrs.) before your name or will you be a business woman? Boys it's up to you to make the living. Look carefully, select wisely and pursue diligently for competition is great.

HOME AND FAMILY LIVING

The basic course for Home Ec. students provides elementary instruction in sewing and cooking. This leads to more advanced work in foods, child care, consumers' problems, money management and personal appearance. The work is fun because of the modern equipment and ideal place in which they work.

IN THE STORE

The classroom "moves" to a local store where, with the assistance of a Front Royal merchant, Warren High retailing students get experience which supplements their classroom training.

IN THE SHOP

The shop is continually buzzing with activity. Woodwork, general shop, mechanical drawing, sheet metal and ceramics are the subjects taught. This department is always full to capacity, for the boys are aware of the importance of technical training in today's world.

IN THE OFFICE

Typing, shorthand, bookkeeping and filing are popular courses, because of the demand in big business for these services. Secretarial seniors secure actual experience in the school office.

ON THE FARM

Food, food, food ever a prime requisite. To the farms we look and our young farmers are preparing to assume their share of the responsibility. Classroom work is put into practice on the home farm.

MATHEMATICS

General math, algebra and geometry, each is presented with stress on practical everyday application. A thorough mastery of fundamentals is emphasized.

ART

Personal, elementary and advanced courses meet the needs of each student whether he is interested in art as a career or hobby. Students and teachers enjoy the bulletin board displays and appreciate the "helping hands" of the art department.

MUSIC

The classroom provides an informal atmosphere for instruction on special instruments. The annual Christmas and Spring concerts have become a musical tradition at Warren High.

In music, in art—in personal service—Behind all of the activity at Warren High are our teachers, guiding, leading (sometimes forcing) us to lead useful lives. They are ever conscious of the personal development of each of us. From them we learn, we absorb. They are surprisingly good friends and sympathizers as well as teachers.

TOGETHER WE - SOMETIMES WORK - SOMETIMES PLAY - SCHOOL IS FUN!

Relaxing after a strenuous class meeting are President Ronnie Jordan, Treasurer William Wright, Secretary Bobby Nethers, Vice-President Gregory Smith, and Sargeant-at-Arms Bennie Burdette.

SENIOR LIFE. . .

Finally—Seniors at last!!! With the joy and excitement of being Seniors came the added duties and privileges of their rank. Occupying the front seats in assembly was a thrill; using the gavel in presiding over 99% of student organizations was a distinct responsibility. This spirited group, under Ronnie Jordan's able leadership, assumed its varied role fittingly.

Throughout the year members of this class were honored: A princess in the fireman's parade at the Apple Blossom Festival; several recipients of essay awards; Homemaker of the Week, Betty Clifton, appeared on TV and Radio; and Clerk of the Senate in the Model General Assembly, was our Allan Hammock.

One look at the headlines indicates the busy year of these people. At last commencement and those big events—the prom, the picnic and the practices for graduation which prepared them for their big event, receiving those diplomas.

The class of '56 will from June 5, 1956 be loyal alumni of W.C.H.S.

Arriving to start a new day are our sponsors, Mr. Anglin, Miss Colvin, Miss Gibson, and Mr. Young.

JUNIOR CLASS

Amos Holinger, president, suggests plans for the Junior Variety Show which meet the approval of Kay Hinchey, Secretary; John Marlow, Vice-President; and Donna Knowles, Treasurer.

The Junior Class of 1956 is ambitious in many ways. In the fall they elected Amos Holinger president with four other reliable officers.

In honor of the team, the class sponsored a Football Dance which was not only enjoyable, but showed the school that dances of that sort can be held.

Both Junior boys and girls participated in sports, organizations, and other activities. In the magazine drive Kay Armstrong and Jack Rives were high salesman and runner-up respectively.

Lights were lowered, and curtains raised as "Showboat," with all the juniors aboard, came steaming not down the Mississippi, but across the Warren County High School stage. Never has there appeared a more spirited crowd, dancing, singing, and playing specialties until the audience cried for more on the final curtain.

Many hours of hard work went into making their Prom a success, but as the lights were dimmed and they danced to their theme song, each one was proud of his year's work and looked forward to next year.

Mr. Unger, Mr. Hall, Mrs. Mathews, Col. Apgar and Mr. Brengle are leaving school after a hard day's work helping the Juniors with the Prom.

SOPHOMORES
Miers Leads

HERE THEY ARE just finishing their second successful year of high school, under the leadership of Kenny Miers. They have given much to school activities, to the clubs, the sports field, both J.V. and Varsity, and all helped with their dramatic success—*Scary Hollow*. The social event of the season was their spring party.

Looking back, they see a wonderful year behind them and plan for an even better next year as jolly juniors.

Relaxing in the sun before that big meeting are the Sophomore officers and co-ordinator: Mr. Palmer, sponsor; Kenny Miers, president; Buddy Walker, vice-president; Nancy Burch, secretary-treasurer; Smitty Henry, Sergeant-at-arms.

Hi ole Pals of Elementary School!

Remember us? We left you two years ago and now we are doing big things in high school. We have a president, Mike Berryman and we're all in the "Push."

In September Mrs. Rives' homeroom won the P.T.A. drive, and in October, the magazine sales. We are joining all the clubs and activities and our Dick Miers was elected treasurer of the S.C.A. by the whole school. Socially, our party was tops! Such fun and excitement!

We work hard but it's fun. Study hard so that you'll be up here—

STUDENT GOVERNMENT

The Student Council serves as an integral part of the school government. Its basic aim is to serve as a medium of understanding between the faculty and the student body. Through the council, opportunities for developing student leaders, for encouraging friendly relationships between individuals and organizations, and most important, the preparation of the entire student body for citizenship.

The judicial committee of the council is chosen every three months. Their purpose is to give direct guidance in citizenship and to aid the school to run more smoothly. Delegates from the Student Council represented Warren High in both the District Meeting and the State Convention. Charlotte Noland was elected secretary of the District. Information gained by these representatives was of great help to the effectiveness of the council.

The Student Council was headed, very efficiently, by Charlotte Noland. Examples of her leadership have been very evident during the past year.

MONOGRAM CLUB

After working hard to earn a letter in basketball, softball, cheerleading, managing or in an intramural sport, and then going through "initation night" sixteen select girls finally became official members of the Monogram Club. Living by the "Sportsman's Creed," each member makes it her own responsibility to see that high standards of sportsmanship are maintained in the school. Monthly meetings are held in the homes of the members with refreshments served by the hostess.

By selling Warren Hi pennants, stickers, and tape in the cafeteria during lunch time and candy to the attendants of the football and basketball games, the girls earn the money to finance their trips. Each year the Monogram Club members attend the Ice Capades in Washington, D. C. and during the early spring they spend a week-end at the beach. Returning home, sporting the season's first sun tan, the girls are the envy of everyone. Miss McClanahan and Miss Colvin, their sponsors, and Dot Forrester, the president, help keep the club's business in good order and the meetings running smoothly.

STAFF ADDS NEW ARTICLES AND MAKES IMPROVEMENTS IN 1956

The Wa-Co-Hi-Lights started the year with the idea of self-improvement first in mind. They carried out this purpose through the entire year by varying and enlarging the feature section, acknowledging their exchanges, and by making their staff one that was compact and efficient.

This group meets each day, for the purpose of gathering the facts of the school, in preparation for the four or six page publication. A good example of the results of their extra efforts was the extra issue of the Wa-Co-Hi-Lights published on the first day of school. All the work for this edition was done during the summer months.

"They're here, the annuals have arrived!"
"And look, there's my picture—and yours too."

Yes, it's an exciting day when annuals arrive but a lot of work precedes the happy day. There are pictures to be taken, pages to be accounted for, write-ups to be written, and identifications to be verified—all of them everyday duties to an annual staff member. But there's fun too. The thrill of knowing all the inside dope, the color, the dedication, and then the big banquet in the spring.

When the day arrives you open the MIRROR there's a smell of printer's ink, your own picture, your favorite teacher, too. There are all your clubs and reminders of school life, dances, and big games.

Among the delegates to S.I.P.A. were Joanna Marlow, Sally Ann Rives, Fay Good, Edith Jones, Charlotte Noland, and Wayne Gore. The W.C.H.S. annual has consistently received a first place rating in this contest. This fills each year's staff with enthusiasm and desire to make their book "the best ever."

During first period and fourth period on Monday, Tuesday, and Thursday you can find the Choral Club and Glee Club members hard at work practicing for their two concerts. The Choral Club consists of girls in the eighth and ninth grades and the Glee Club is made up of boys and girls from the tenth through the twelfth grades.

The traditional concerts given just before the Christmas holiday and during the Spring gave the members an opportunity to impress their fellow students and the com-

THEY INSPIRED US . . .

Everyone appreciates a rousing march or the faint strains of a delicate melody. Talented, energetic musicians, under the direction of Mr. Parker, assisted by student director Allan Hammock, assemble during seventh period to practice the music which they play in frequent appearances before the student body and the public. The excellent performances of the band adds a great deal to the atmosphere of school games, parades, and school concerts.

The goal of the W.C.H.S. band is to provide an opportunity for study of and advancement in a musical instrument; to give the student an understanding and appreciation of good music; and to give the opportunity of playing in a group and participating in the activities of the group.

Warren Hi's band has achieved a place among the top bands in the state. In order to keep this standing and to achieve greater heights, the band must have that most important quality—teamwork.

Again this year the band performed at the University of Richmond. New formations and hours of hard practice made their performance better than ever.

MAJORETTES — These high-stepping majorettes add much to our Band's performance when on parade. Popular, pretty, dynamic — that's the word to describe the peppy head majorette, Betty Jean Clifton.

ENSEMBLE — Talent and action combined to make this group popular at our concerts. An enlargement of the Sextette, the Ensemble is a new addition to the music department.

Dances, conventions, programs, and worship. Sounds interesting? It is, and behind this work is a greater purpose. By combining work with play, the members of the Tri-Hi-Y and Hi-Y learn the true spirit of Christian co-operation and fellowship. The guidance of the sponsors, Miss Judd, Miss Fox, Mr. Murabito, and Mr. Hall, greatly strengthened the club.

Delegates from each club attended Model General Assembly and the Warrenton Convention, where they elected officers for the on-coming Model General Assembly and for the district. Phyllis Haffer was elected president for this district, and Allan Hammock, clerk of the Senate.

During the year the clubs gave two dances. The first was given in cooperation with the F.T.A. for the benefit of the P.T.A. scholarship fund; the second was the Sweetheart dance in February.

The moving force behind many of the activities at Warren, the Tri-Hi-Y and Hi-Y, under the leadership of presidents Carole Marrow, Pat Saffell, and Phil Shiner, invite all students in the tenth through twelfth grades, regardless of denomination, to share in its programs and to learn more about the Christian life.

BEHIND SCENES AND BEHIND FOOTLIGHTS

Even among the humdrum tasks of school existence, one can find a land of make-believe, a land in which the most conventional-acting classmates become detectives, Broadway stars, gypsies, cops or even murderers.

This season our Dramatic Club, sponsored by Mrs. Russell, has staged two performances, one a three-act mystery, "Home Sweet Homicide," and the other a one-act play entitled "Night Falls on Spain," which was entered in the district one-act play contest.

The club members learned the fundamentals of applying makeup. During the National Education Week program two of the members applied make-up to another to demonstrate how an actor might be aged twenty or thirty years. The club also learned how to construct stage props.

The sponsor and several officers attended the Speech and Drama Clinic which was held here at Warren. Information gained in school and at such meetings as this, plus the chance to develop ones talents make the Dramatic Club an organization well worth the efforts of its members.

The Distributive Education Club is a state wide organization for students which provides extra activities and enjoyment outside the classroom to further their education, experiences, and interests in the business world.

Through the club, students obtain part-time jobs with local merchants. Each D.E. student spends 15 hours a week in some field of distribution and attends school half a day. This prepares them to assume more responsibility after graduation, and to become better citizens.

During the year, they take part in various activities. The climax of each year is a banquet which employers and employees alike attend. This promotes better relationship between the school and the town people and between the D.E. students and their bosses. With Freddy Foster, as President, and Mr. Hartman as Sponsor the club has had a successful year.

PASTEUR'S UNDERSTUDIES

For those who wish to pursue their interest in science beyond the classroom walls, the Warren High Society of Scientists, with Toby Burnett as president, offers an excellent opportunity. Membership is open to anyone in the tenth, eleventh, or twelfth grades who is in good standing in Chemistry, Biology, or any other science class. The club encourages and promotes scientific hobbies for each of its members. Interest is sparked for those who excell in their projects by an opportunity of participating in the Charlottesville Science Fair. Several members plan to attend this fair. Anyone having trouble with his project or just wanting some additional information can get unlimited aid from Mr. Hall, science teacher and sponsor of the Science Club.

After each business meeting, an entertaining, yet educational, program is presented to the members by the program chairman of the club. Included in the list of programs were a talk by our principal, several movies, and explanation of projects by the members.

NO PROFESSORS AMONG THEM?

Shortages and higher standards are increasing the demand for more teachers. The George Tyler Miller Chapter of the Future Teachers of America is made up of students who are interested in working in the field of education and are preparing to meet these needs.

Ever alert to assist, these girls welcomed their new teachers with fall flowers on their desks; in cooperation with the Tri-Hi-Y they sponsored a dance in the fall for the benefit of the P.T.A. Scholarship Fund. The members are developing practical experience for later years by assistang in the Elementary School, A. S. Rhodes and at the high school. Under the guidance of Mrs. Duff, the sponsor, the club seeks to develop professional attitudes, desirable qualities, and leadership abilities which will be of value to any teacher. Donna Hicks, president, and all the members realizing the need for teachers, are accepting the challenge of their profession-to-be.

A woman's place is in the home!

Whether you agree or not, it cannot be denied that the art of homemaking will certainly come in handy, as the members of the Future Homemakers of America well realize. The F.H.A., a national organization of pupils studying homemaking, works to promote better homes and family living, and to further interest in Home Ec. The ninety-seven girls who compose this, the largest of the school organizations perform an important service in the school and community: Everyone profits from the attractive bulletin boards in the halls. Christmas stockings are put in each homeroom by the club members and after the students have filled them they are distributed to needy families. Representatives from the club have attended two Federation meetings. Around school they are indispensable—just look at the next page for proof.

PROGRESSIVE FARMERS

Again this year the Future Farmers of America won recognition with their forestry judging. The F.F.A. boys, easily recognized by the blue jackets bearing their names, have an eye on the future when they investigate new improved methods of farming which make "following the plow" easier and more profitable. Theirs is the story of many of the ways in which a group of rural American youth are cutting their niche in this complicated world through group effort based on individual right and opportunities.

Several delegates from the club attended the Regional meeting at Madison College and two of the members went to Roanoke to the State Convention.

Last fall when everyone was lining up to have a Chest X-ray, the F.B.L.A. girls helped the T.B. workers by doing all the typing for the high school students' cards. This is a good example of their eagerness to help in all school activities as well as projects of their club.

GRIDIRON COMBAT

Coaches "Eck" Miers and Paul Flick watch the team scrimmage during the first week of practice.

With the loss of five regulars from last year's squad the Wildcats returned to the hill facing a difficult season. Running from the Split-T for the first time under their new coach, Paul Flick, the Cats set their sights at the championship of the new District 10.

The Wildcats opened their toughtest schedule in many years facing the Luray Bulldogs under the lights at Bing Crosby Stadium. With the game tied at the half 6-6 the cats roared back to score again in the third period and hold the Bulldogs scoreless to win by a 12-6 score.

Traveling to Richmond to face the Manchester Lancers, the Wildcats were stopped by a 24-0 score. The Cat's offense couldn't get started due to

13 fumbles but their defense stood out even though the Lancers drew blood four times.

Taking on Clarke County on the Eagle's new field the Cats repeated their pattern of the previous week in consistently fumbling away every scoring opportunity. The Eagles walked away with a sound victory but the Wildcats were in there fighting to the final whistle. Final score 24-0.

Playing James Wood the following week on a wet field, the Wildcats defense sparked them to a 6-0 victory. The Cats scored early on a punt return and whitewashed the Colonels to chalk up their second league victory.

Having a 2-1 record, the Wildcats journeyed

to Winchester to meet the league leading Handley Judges. The Judges struck three times in the first two periods and led 20-0 at the half. The Wildcat held them scoreless the second half but couldn't score themselves, going down to defeat 20-0.

Back home the Wildcats took on the powerful Fort Hill Sentinels in what proved to be their best game of the year. Scoring early in the first quarter, the Wildcats kept the Sentinels off balance and led 7-6 at halftime. Although fighting hard the second half, the Wildcats couldn't stop the Sentinels strong ground attack and went down to a respectable 26-7 defeat.

Still playing non-league opponents the Wildcats took on the Martinsburg Bulldogs. Coach Flick had the boys up for this game but all their scoring efforts backfired. The Bulldogs displaying a fast Split-T offense crushed the Wildcats 19-0.

In their last league game of the season the Cats were host to the Harrisonburg Blue Streaks. The Blue Streaks were truly "streaks" to the Wildcats despite their heavy linemen. The Cats were chasing them all night and lost by a score of 20-0.

In the final game of the season, the Wildcats left home to battle Hagerstown. Terribly outclassed, the Wildcats again were plagued by fumbles most of which Hagerstown turned into touchdowns to romp over the Wildcats 27-0.

Even though their season wasn't too successful from the standpoint of victories the Wildcats displayed fine hustle and good sportsmanship in all their games. With many returning regulars the Wildcats let out that familiar old cry "wait until next year."

The Wildcats entered their 1955 schedule with prospects of a successful season. Playing close games characterized by the fine pitching of its hurlers, the Wildcats often had trouble pushing across enough runs to win. The team, however, showed a fair record of five wins and seven defeats.

THE CLASHING OF STICKS

Early in October the hockey team began another practice season. The team, coached by Miss McClanahan, learned the skills of the game. This year they journeyed to Madison College to view a hockey game and from this saw what thrills their practice now will provide later. Also they played two practice games with Clarke County. Although hockey is a relatively new sport at W.C.H.S., many students have become interested in it and are anxiously awaiting the day when it will be a varsity sport.

First Row: Left to Right, B. Rowe, P. Bryant, B. Marlow, S. Smith, M. Fincham, D. Ryan, B. Reil. Second Row: Standing, Miss McClanahan; Seated, A. Clarke, J. Baggarly, B. Fiddler, M. Peffer, M. The game is underway with a "center bully."

A pass, a shot, and another two points for the "Wildkitties."

"Ace is high, deuce is low, come on Judy up you go."

HOOP HAPPY

"Time in with the whistle," and the basketball season has begun. The "Wildkitties," led by Captain Jean Harrison, race on the court to win another victory for Warren High. The team had a very successful season. Never did these girls forget to uphold the Sportsman's Creed nor become upset over a defeat.

Part of the credit for their success should be given to Coach Jean McClanahan, who in her first year of coaching has won the admiration of all with her knowledge of basketball and the understanding manner in which she guides the team.

BATTER UP FOR SPRING SPORTS

The 1955 Softball Team completed a successful season under the coaching of Mrs. Elizabeth Thomas. After practicing the fundamentals of the game, such as hitting, bunting, fielding, base running, and sliding, the team, in their bright red uniforms, took the field.

JUNIOR WHIRL–Guests at the Junior-Senior Prom, enjoy dancing to the music of "Paul Siebert".

MOMENTS TO REMEMBER

Above and beyond the routine of everyday school life the students of Warren Hi experience many big moments—moments to be remembered in years to come—moments to look back on and relive the enthusiasm, the pride, and the pleasures they shared.

There were many big moments this year: welcoming new coaches, celebrating athletic victories, initiating the new juke box in the cafeteria, and choosing student council officers. And then, the big day arrives when the 1956 MIRRORS are distributed and each student fills its pages with autographs of teachers and classmates, and proudly adds it to his library, to be taken out in the days and years to come to find reflected on its pages the memorable moments of their school days.

He may be heavy but he's our coach!

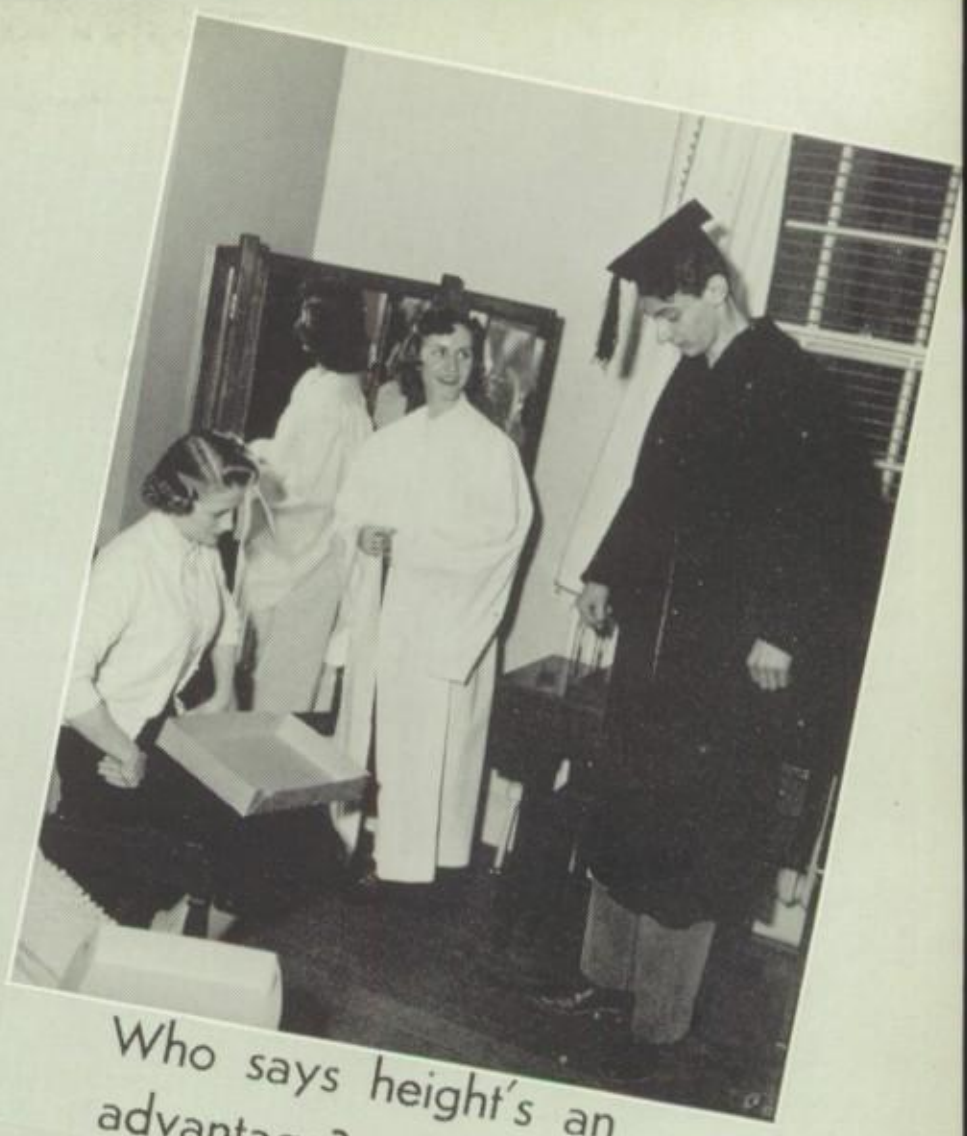
What do the 'Dream Weavers' have that I haven't?

Democracy in practice

I'll never be able to take all these classes

Giving when it hurts

Can this be studying?



Who says height's an advantage?

Staff officers get that all-important signature

Avisco is a symbol for quality wherever it appears. The Avisco Integrity Tag and the Avisco Label on carpeting, home furnishing fabrics and on fashions assure the customer that the merchandise has been manufactured to meet the high quality standards set by American Viscose Corporation. Avisco rayon yarns and rayon staple fibers have earned an enviable reputation for consistent and dependable economy, durability and beauty. The same high quality standards are built into Avisco rayon tire yarns and tire fabrics, creating new standards of safety and comfort for American motorists. Through consistent and intensive research, American Viscose Corporation is constantly expanding its usefulness to include a wide area of technical progress aimed at improving America's standard of living and many graduates of Warren County High School are helping to achieve this goal.

A Memorable Year

•

• Congratulations to the Student Body and Faculty of Warren County High School upon the completion of another outstanding year of accomplishments.

• The Staff of your annual has worked exceedingly hard to give you a superb book that portrays the highlights of memorable activities. To preserve this excellent literary and photographic record, the best grades of material have been combined with skilled workmanship to provide the finest quality yearbook.

• We are very proud that the 1956 Staff selected us to help design, print and bind the MIRROR. We have earnestly endeavored to fulfill the confidence placed in us.

Autographs

Connie,
To a real cute and sweet girl.

Constance Susan Ha

It's really been loads of fun this year with the gang! I can't wait until next year. All these romances and everything have kept me so interested the time has flown. Oh well. I'll have the pleasure in seeing you during the summer

Amor,
Gwen

Good luck always to a very sweet girl. Remember Band

Barbara

Best of Luck in the future.

Constance Squaw underoad,

Best of luck to a fine, cute, nice girl. Remember all the fun we had at the Prom especially about 1:30 A.M Saturday morning and other places we have gone. I'm looking forward to more fun. Also remember the rides we took and the times we have had in Band and Glee Club. It has been a lot of fun beeing with you lately and I hope it will last for a long time. Remember the time you got in the car and rode a boy around half the night. How about that purple dog wood we saw and had so much fun over.

"buddy".
I wish you lots
of happiness and luck
in all your years To
come in W. C. H. S.
I hope you and Bill
will get along real well.
I like to say more but
since - we doesn't permit
I won't.

Love ya,
Judy (Judy)

Lots of luck to a real cute + swell gal!
Keep up the good work in your music!
Take good care of Bill and keep them in line
next year!

And When We Graduate . . .

At last comes the early June evening when we march down the aisle to receive our diplomas. After the impressive candle light ceremony, we join the great body of Warren High alumni. Just then we fully realize that we are at another bend in the river.
